# Plan Details

## UnitedHealthcare® Group Medicare Advantage (PPO)

Your former employer or plan sponsor has chosen a UnitedHealthcare Group Medicare Advantage plan. The word “Group” means this is a plan designed just for a former employer or plan sponsor like yours. Only eligible retirees of your former employer or plan sponsor can enroll in this plan.

“Medicare Advantage” is also known as Medicare Part C. These plans have all the benefits of Medicare Part A (hospital coverage) and Medicare Part B (doctor and outpatient care) plus extra programs that go beyond Original Medicare (Medicare Parts A and B).

### Make sure you know what parts of Medicare you have

You must be entitled to Medicare Part A and enrolled in Medicare Part B to enroll in this plan.

- If you're not sure if you are enrolled in Medicare Part B, check with Social Security
- Visit [ssa.gov/locator](https://ssa.gov/locator) or call **1-800-772-1213**, TTY **1-800-325-0778**, 8 a.m.–7 p.m., Monday–Friday, or call your local office
- You must continue paying your Medicare Part B premium to be eligible for coverage under this group-sponsored plan
- If you stop paying your Medicare Part B premium, you may be disenrolled from this plan

## Medicare Advantage Coverage:

**Medicare Part A**  
Hospital

**Medicare Part B**  
Doctor and Outpatient

**Medicare Part D**  
Prescription Drugs

**Extra Programs**  
Beyond Original Medicare

# How your Group Medicare Advantage plan works

Medicare has rules about what types of coverage you can add or combine with a group-sponsored Medicare Advantage plan.

## ✓ One plan at a time

- You may be enrolled in only one Medicare Advantage plan and one Medicare Part D prescription drug plan at a time.
- The plan you enroll in last is the plan that Centers for Medicare & Medicaid Services (CMS) considers to be your final decision.
- If you enroll in another Medicare Advantage plan or a stand-alone Medicare Part D prescription drug plan after your enrollment in this group-sponsored plan, you will be disenrolled from these plan(s).
- Any eligible family members may also be disenrolled from their group-sponsored plan. This means that you and your family may not have hospital/medical or drug coverage through your former employer or plan sponsor.

**Remember:** If you drop or are disenrolled from your group-sponsored retiree coverage, you may not be able to re-enroll. Limitations and restrictions vary by former employer or plan sponsor.

## How your medical coverage works

### Your plan is a Preferred Provider Organization (PPO) plan

This type of plan generally provides more flexibility to let you choose your doctors and hospitals. You are typically not required to have a referral to see a specialist. You can also see out-of-network providers if they accept Medicare and the plan, but your costs may be higher.

	In-network	Out-of-network
<b>Can I continue to see my doctor/specialist?</b>	Yes	Yes, as long as they participate in Medicare and accept the plan <sup>1</sup>
<b>What is my copay or coinsurance?</b>	Copays and coinsurance vary by service <sup>2</sup>	You may pay a larger share of the cost for services <sup>2</sup>
<b>Do I need to choose a primary care provider (PCP)?</b>	No, but recommended	No, but recommended
<b>Do I need a referral to see a specialist?</b>	No	No
<b>Can I go to any hospital?</b>	Yes	Yes, as long as they participate in Medicare and accept the plan <sup>1</sup>
<b>Are emergency and urgently needed services covered?</b>	Yes	Yes
<b>Do I have to pay the full cost for all doctor or hospital services?</b>	You will pay your standard copay or coinsurance for the services you get <sup>2</sup>	You will pay your standard copay or coinsurance for the services you get (though the amount may be higher) <sup>2</sup>
<b>Is there a limit on how much I can spend on medical services each year?</b>	Yes <sup>2</sup>	Yes <sup>2</sup>
<b>Are there any situations when a doctor will balance bill me?</b>	Under this plan, you are not responsible for any balance billing. You pay the same share of cost in and out of network as long as they are eligible to participate in the Medicare Program.	

### View Your Plan Information Online

Once you receive your UnitedHealthcare member ID card, you can create your secure online account at: [retiree.uhc.com](https://retiree.uhc.com)

You'll be able to view plan documents, find a provider, locate a pharmacy and access lifestyle and learning articles, recipes, educational videos and more.

<sup>1</sup>This means that the provider or hospital agrees to treat you and be paid according to UnitedHealthcare's payment schedule. With this plan, we pay the same as Medicare and follow Medicare's rules. Emergencies would be covered even if out-of-network.

<sup>2</sup>Refer to the Summary of Benefits or Benefit Highlights in this guide for more information.

# How your prescription drug coverage works

Your Medicare Part D prescription drug coverage includes thousands of brand name and generic prescription drugs. Check your plan's drug list to see if your drugs are covered.

## Here are answers to common questions:

### What pharmacies can I use?

You can choose from thousands of national chain, regional and independent local retail pharmacies.

### What is a drug-cost tier?

Drugs are divided into different cost levels, or tiers. In general, the lower the tier, the less you pay.

### What will I pay for my prescription drugs?

What you pay will depend on the coverage your former employer or plan sponsor has arranged and on what drug-cost tier your prescription falls into. Your cost may also change during the year based on the total cost of the prescriptions you have filled.<sup>1</sup>

### Can I have more than one prescription drug plan?

No. You can only have one Medicare plan that includes prescription drug coverage at a time. If you enroll in another Medicare Part D prescription drug plan OR a Medicare Advantage plan that includes prescription drug coverage, you will be disenrolled from this plan.

## Additional information about your prescriptions drugs

- ✓ **You may save on the medications you take regularly**  
If you prefer the convenience of mail order, you could save time and money by receiving your maintenance medications from Optum® Home Delivery Pharmacy. You'll get automatic refill reminders and access to licensed pharmacists if you have questions.
- ✓ **Get a 3-month<sup>1</sup> supply at retail pharmacies**  
In addition to Optum® Home Delivery Pharmacy, most retail pharmacies offer 3-month supplies for some prescription drugs.
- ✓ **Ask your doctor about trial supplies**  
A trial supply allows you to fill a prescription for less than 30 days. This way, you can pay a reduced copay or coinsurance and make sure the medication works for you before getting a full month's supply.
- ✓ **Explore lower-cost options**  
Each covered drug in your drug list is assigned to a drug-cost tier. Generally, the lower the tier, the less you pay. If you're taking a higher-tier drug, you may want to ask your doctor if there's a lower-tier drug you could take instead.
- ✓ **Have an annual medication review**  
Take some time during your Annual Wellness Visit to make sure you are only taking the drugs you need.
- ✓ **Filling your prescriptions is convenient**  
UnitedHealthcare has thousands of national chain, regional and independent local retail pharmacies in our network.<sup>2</sup>

### The UnitedHealthcare Savings Promise

UnitedHealthcare is committed to keeping your prescription drug costs down. As a UnitedHealthcare member, you have our Savings Promise that you'll get the lowest price available. That low price may be your plan copay, the pharmacy's retail price or our contracted price with the pharmacy.

<sup>1</sup>Your former employer or plan sponsor may provide coverage beyond 3 months. Please refer to the Benefit Highlights or Summary of Benefits for more information.

<sup>2</sup>Network size varies by market.

## What is IRMAA?

The Income-Related Monthly Adjustment Amount (IRMAA) is an amount Social Security determines you may need to pay in addition to your monthly plan premium if your modified adjusted gross income on your IRS tax return from 2 years ago is above a certain limit. This extra amount is paid directly to Social Security, not to your plan. Social Security will contact you if you have to pay IRMAA.

## What is a Medicare Part D Late Enrollment Penalty (LEP)?

An LEP is a late fee Medicare charges if you had **63 days** or more without prescription drug coverage. This can happen if:

- You didn't enroll in a Medicare Prescription Drug plan when you were first eligible.
- You didn't have a plan that met Medicare's minimum standards.

The LEP is an amount added to your monthly Medicare premium and billed to you separately by UnitedHealthcare.

When you become a member, your former employer or plan sponsor will be asked to confirm that you have had continuous Medicare Part D coverage. **If your former employer or plan sponsor asks for information about your prescription drug coverage history, please respond as quickly as possible to avoid an unnecessary penalty.**

Once you become a member, more information will be available in your Evidence of Coverage (EOC). Your Quick Start Guide will include details on how to access your EOC.

## Call Social Security to see if you qualify for Extra Help

If you have a limited income, you may be able to get Extra Help to pay for your prescription drug costs. If you qualify, Extra Help could pay up to 75% or more of your drug costs. Many people qualify and don't know it. There's no penalty for applying, and you can re-apply every year.

# Getting the health care coverage you may need

## Your care begins with your doctor

- With this plan, you have the flexibility to see doctors inside or outside the UnitedHealthcare network.
- Even though it's not required it's important to have a primary care provider.
- You may pay a higher cost when you see an out-of-network health care provider.
- With your UnitedHealthcare® Group Medicare Advantage plan, you're connected to programs, resources, tools and people that can help you live a healthier life.

## Finding a doctor is easy

If you need help finding a doctor or specialist, just give us a call. We can even help schedule that first appointment. When you call your doctor, tell them you have a Medicare Advantage PPO plan.

### Why use a UnitedHealthcare network doctor?

**A network doctor or health care provider** is contracted with us to provide services to our members. We work closely with our network of doctors to give them access to resources and tools that can help them work with you to make better health care decisions. You pay your copay or coinsurance according to your plan benefits. Your provider will bill us for the rest.

**An out-of-network provider** does not have a contract with us. With the UnitedHealthcare Group Medicare Advantage (PPO) plan, you can see any out-of-network provider. You pay your copay or coinsurance according to your plan benefits. We will pay for the rest of the cost of your covered service(s), including any charges up to the limit set by Medicare. If your provider won't accept the plan, we will contact them on your behalf.

**If a provider refuses to directly bill us**, they may ask that you pay the full allowable amount upfront. In that case, you can pay the doctor and then submit a claim to us. You'll be reimbursed for the cost of the claim minus your cost share.

## Prescription drugs

If the actual cost for a drug is less than the normal cost-sharing amount for that drug, you will pay the actual cost, not the higher cost-sharing amount.

Your plan sponsor has chosen to make supplemental drug coverage available to you. This coverage is in addition to your Part D prescription drug benefit. The drug copays in this section are for drugs that are covered by both your Part D prescription drug benefit and your supplemental drug coverage. You can view the Certificate of Coverage at [retiree.uhc.com](http://retiree.uhc.com) or call Customer Service to have a hard copy sent to you.

If you reside in a long-term care facility, you will pay the same for a 31-day supply as a 30-day supply at a retail pharmacy.

<b>Stage 1: Annual prescription (Part D) deductible</b>	Since you have no deductible, this payment stage doesn't apply.	
<b>Stage 2: Initial coverage (After you pay your deductible, if applicable)</b>	<b>Retail Cost-Sharing</b>	<b>Mail Order Cost-Sharing</b>

<b>Tier 5:</b> Specialty tier	\$100 copay	\$200 copay
<b>Stage 3: Coverage Gap Stage</b>	After your total drug costs reach \$5,030, you pay 25% of the negotiated price and a portion of the dispensing fee for brand name drugs and 25% of the price for generic drugs.	
<b>Stage 4: Catastrophic coverage</b>	During this payment stage, the plan pays the full cost for your covered drugs. You pay nothing.	

<sup>1</sup> You will pay a maximum of \$35 for a 1-month supply of each Part D insulin product covered by our plan. Most adult Part D vaccines are covered at no cost to you.

UnitedHealthcare® Group Medicare Advantage (PPO) has a network of doctors, hospitals, pharmacies and other providers. If you use the providers in our network, you may pay less for your covered services. But if you want to, you can also use providers that are not in our network. When looking at the charts above you'll see the cost differences for network vs. out-of-network care and services. If you use pharmacies that are not in our network, the plan may not pay for those drugs, or you may pay more than you pay at a network pharmacy.

You can go to [retiree.uhc.com](https://retiree.uhc.com) to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered and if there are any restrictions.

# Drug List

This is a partial alphabetical list of prescription drugs covered by the plan as of September 1, 2023. This list can change throughout the year. Call us or go online for the most complete, up-to-date information. Our phone number and website are listed on the back cover of this book.

- Brand name** drugs are in **bold** type. Generic drugs are in plain type.
- Covered drugs are placed in tiers. Each tier has a different cost:
  - Tier 1: Preferred Generic
  - Tier 2: Generic
  - Tier 3: Preferred Brand
  - Tier 4: Non-preferred Drug
  - Tier 5: Specialty Tier
- Each tier has a copay or coinsurance amount.
- See the Summary of Benefits in this book to find out what you'll pay for these drugs.
- Some drugs have coverage requirements, such as prior authorization or step therapy. If your drug has any coverage rules or limits, there will be code(s) in the list. The codes and what they mean are shown below.

---

**PA**  
**Prior authorization**

The plan needs more information from your doctor to make sure the drug is being used correctly for a medical condition covered by Medicare. If you don't get prior approval, it may not be covered.

---

**QL**  
**Quantity limits**

The plan only covers a certain amount of this drug for 1 copay or over a certain number of days. Limits help make sure the drug is used safely. If your doctor prescribes more than the limit, you or your doctor can ask the plan to cover the additional quantity.

---

**ST**  
**Step therapy**

You may need to try lower-cost drugs that treat the same condition before the plan will cover your drug. If you have tried other drugs or your doctor thinks they are not right for you, you or your doctor can ask the plan for coverage.

---

**B/D**  
**Medicare Part B**  
**or Part D**

Depending on how this drug is used, it may be covered by Medicare Part B or Part D. Your doctor may need to give the plan more information about how this drug will be used to make sure it's covered correctly.

---

**HRM**  
**High-risk**  
**medication**

This drug is known as a high-risk medication (HRM) for patients 65 years and older. This drug may cause side effects if taken on a regular basis. We suggest you talk with your doctor to see if an alternative drug is available to treat your condition.

---

<b>LA Limited access</b>	The FDA only lets certain facilities or doctors give out this drug. It may require extra handling, doctor coordination or patient education.
<b>MME Morphine milligram equivalent</b>	Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional limit is called a cumulative morphine milligram equivalent (MME) and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than 1 opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.
<b>7D 7-day limit</b>	An opioid drug used for the treatment of acute pain may be limited to a 7-day supply for members with no recent history of opioid use. This limit is intended to minimize long-term opioid use. For members who are new to the plan and have a recent history of using opioids, the limit may be overridden by the pharmacy when appropriate.
<b>DL Dispensing limit</b>	Dispensing limits apply to this drug. This drug is limited to a 1-month supply per prescription.

# Statements of understanding

By enrolling in this plan, I agree to the following:

- ✓ **This is a Medicare Advantage Plan contracted with the federal government. This is not a Medicare Supplement plan.**

I need to keep my Medicare Part A and Part B, and continue to pay my Medicare Part B and, if applicable, Part A premiums, if they are not paid for by Medicaid or a third party. To be eligible for this plan, I must live in the plan's service area and be a United States citizen or be lawfully present in the U.S.

- ✓ **This plan covers a specific service area. If I plan to move out of the area, I will call my plan sponsor or this plan to disenroll and get help finding a new plan in my area.**

I may not be covered while out of the country, except for limited coverage near the U.S. border. However, under this plan, when I am outside of the U.S. I am covered for emergency or urgently needed care.

- ✓ **I can only have one Medicare Advantage or Prescription Drug Plan at a time.**

- Enrolling in this plan will automatically disenroll me from any other Medicare health plan.
- If I enroll in a different Medicare Advantage Plan or Medicare Part D Prescription Drug Plan, I will be automatically disenrolled from this plan.
- If I disenroll from this plan, I will be automatically transferred to Original Medicare.
- Enrollment in this plan is for the entire plan year. I may leave this plan only at certain times of the year or under special conditions.

- ✓ **My information will be released to Medicare and other plans, only as necessary, for treatment, payment and health care operations.**

Medicare may also release my information for research and other purposes that follow all applicable federal statutes and regulations.

- ✓ **For members of the Medicare Advantage Plan.**

I understand that when my coverage begins, I must get all of my medical and prescription drug benefits from the plan. Benefits and services provided by the plan and contained in the Evidence of Coverage (EOC) document will be covered. Neither Medicare nor the plan will pay for benefits or services that are not covered.

- ✓ **I give consent for all entities under UnitedHealthcare, its affiliates, and any outside vendor used by UnitedHealthcare to call the phone number(s) I have provided using an autodialer and/or prerecorded voice.**
