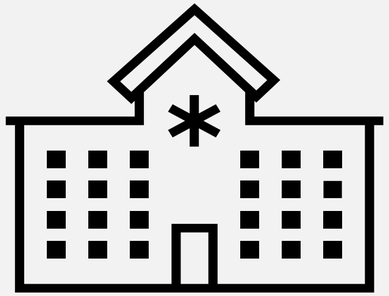
Medicare Starts Here

Original Medicare

Provided by the Center for Medicare and Medicaid Services
Application done through Social Security

Part A
Hospital



Part B
Doctors

$ $0 per month for most people

$ $202.90 monthly premium in 2026 for most people
2027 available in October

The ABC's of Medicare

Medicare Part	What It Covers	Easy Way to Remember	Additional Information
Part A	Hospital stays, skilled nursing, hospice, home health care	**A = Admission** to the hospital	• Covers hospital and medical services • Administered by Federal Government (CMS/Social Security)
Part B	Doctor visits, outpatient care, preventive services, medical equipment	**B = Basic Medical Care**	
Part C	Medicare Advantage - Combines Parts A & B + additional medical and prescription drug coverage (part D)	**C = Choice** of an all-in-one plan	• Alternative to Original Medicare • Often includes prescription drug coverage and extra benefits • Administered by Private Insurance Companies
Part D	Prescription drug coverage	**D = Drugs**	• Helps pay for prescription medications • Stand alone plan usually paired with Medicare Supplement • Administered by Private Insurance Companies

Medicare Supplement (Medigap) plans – Separate plan administered by private insurance companies. These work alongside Original Medicare to provide medical coverage.

Why Do Most People Add Extra Coverage?

Original Medicare Alone

Part A
Hospital

Part B
Doctors

- Hospital Bill
- Surgery
- Specialists

You pay part of the bill

❌ No annual out-of-pocket maximum

Additional Coverage =
Medicare Advantage or Medicare Supplement + Prescription Drug Plan

- ✓ Limits your exposure
- ✓ Helps with medical bills
- ✓ More predictable cost

When to enroll?

Enroll in Part B and Part D timely to avoid lifetime penalties

TURNING 65 *Retiring or already retired*	**Enroll in Original Medicare 3 months before you turn 65**
WORKING PAST 65 *Are over 65 and retiring*	**Enroll in Original Medicare 3 months before you retire** *You will need to submit the CMS form L564 with your application – you can obtain this from your District's benefit or HR department*

STEPS:

1. Go to the **Social Security website** to sign up for Medicare Parts A and B: ssa.gov/medicare or call 1-800-772-1213
2. After you apply, **Medicare** will mail your **Medicare ID card**. This can take **6–8 weeks**.
3. Enroll in Pathway 1 or Pathway 2

If you keep employer coverage after 65, you can delay Medicare without penalties and enroll when you retire. You may choose to take free Original Medicare Part A earlier as secondary hospital coverage, but you cannot contribute to a Health Savings Account (HSA) while enrolled in Part A.

Who Can Enroll?

Medicare Plans

✅ Medicare-eligible retirees and spouses enrolled in Parts A & B

✅ Eligible spouses may enroll when they become Medicare-eligible, even if the retiree is not yet eligible

📞 If your spouse enrolls before you, call **1-833-686-0983** *(48–72 hour setup time)*

Dental & Vision

✅ Eligible spouses and dependents may enroll when the retiree is enrolled in FSRBC.

Enrollment Requirement:
You must be enrolled in Original Medicare Parts A & B before enrolling in an FSRBC Medicare Medical Plan. Enroll before your district/employer coverage ends to avoid a gap in benefits. Medicare coverage begins the first day of the month after enrollment.
(Example: Enroll May 15 → Coverage starts June 1.)

Medicare Pathways

Original Medicare

Part A
Hospital

Part B
Doctors

Pathway 1:
Medicare Advantage Plan (MAPD)

- **Part C –** One Plan (combined with Original Medicare)
- Medical and Prescription Coverage
- Lower Monthly Cost
- Copays and Coinsurance when used

Pathway 2:
Medicare Supplement/Medigap + Standalone Prescription Drug Plan

- Works with Original Medicare
- Greater freedom to choose providers
- Higher monthly cost
- Less cost when receiving care
- Separate Drug Plan

How to Choose a Pathway

Questions to Ask Yourself

- 💡 How often do I use healthcare services?
- 💡 Do I have preferred doctors or specialists?
- 💡 Do I travel frequently?
- 💡 Am I more concerned about monthly premiums or unexpected medical costs?
- 💡 What prescription medications do I take?

Pathway 1:
Medicare Advantage Plan (MAPD)

May Be a Better Fit If You:

- ✅ Prefer an all-in-one plan (medical + prescription drug coverage)
- ✅ Want lower monthly premiums
- ✅ Are comfortable using a provider network
- ✅ Want predictable annual out-of-pocket protection

Pathway 2:
Medicare Supplement/Medigap + Standalone Prescription Drug Plan

- ✅ Want the freedom to see any provider that accepts Medicare nationwide
- ✅ Travel frequently or live in multiple states during the year
- ✅ Prefer fewer out-of-pocket medical costs when receiving care
- ✅ Don't mind paying a higher monthly premium for added flexibility
- ✅ Want Original Medicare to remain your primary coverage

Pathway 1

FSRBC Medicare Advantage Prescription Drug (MAPD)

Considerations - FSRBC Medicare Advantage (MAPD) Plans

- Exclusive group plans available only through FSRBC
- **Combines Medicare Parts A, B, and prescription drug coverage (Covers Medical and Drugs)**
- Nationwide PPO network with flexibility to use providers across the U.S.
- Enhanced prescription coverage with lower costs for many brand-name and specialty medications

Things to Know

- Use your plan ID card for medical and pharmacy services
- Spouses may enroll and choose their own plan option
- **Plans can be changed each year during October Open Enrollment**
- No medical underwriting or health questions required to enroll
- These plans function much like an employer-sponsored PPO plan while offering enhanced prescription benefits and nationwide coverage.

Medicare Supplement plans (MedSupp/Medigap)

Pathway 2

What You Need to Know

- Helps pay some out-of-pocket costs that Original Medicare doesn't cover
- Works with Original Medicare (Parts A & B)
- No provider network. You can see any doctor who accepts Medicare.
- Covers one person only. Spouses need separate policies.
- Standardized plans offer the same benefits regardless of the insurance company.
- Other plan options may be available based on where you live.

❌ **Prescription drugs are not included.** You must enroll in a separate Medicare Part D Prescription Drug Plan (PDP).

Benefit	Plan G	Plan N
Hospital Costs	✅ Covered	✅ Covered

Key Differences

✅ **Plan G:** Pays Part B excess charges and generally has fewer out-of-pocket costs.

✅ **Plan N:** Lower premium, but you may pay copays for some doctor and ER visits and are responsible for Part B excess charges.

* Plan N copays may apply for certain office and emergency room visits.

Pathway 1 vs. Pathway 2

	PATHWAY 1 **Medicare Advantage Plans with Prescription Drug (MAPD)**	**PATHWAY 2** **Medicare Supplement + Prescription Drug Plan (PDP)**
How Coverage Works	One plan includes medical and prescription drug coverage.	Original Medicare + a Supplement plan + a separate drug plan.
Prescription Drugs	Included in the plan.	Purchased separately.
Monthly Cost	Usually lower monthly premium.	Usually higher monthly premium.
When You Get Care	You may have copays and coinsurance as you use services.	Generally fewer out-of-pocket medical costs.
Doctor Choice	May require using a provider network.	See any doctor or hospital that accepts Medicare.
Out-of-Pocket Protection	Annual maximum out-of-pocket limit.	No annual out-of-pocket maximum, but fewer cost-sharing expenses.
Coverage While Traveling	Most FSRBC plans offer nationwide coverage.	Nationwide coverage wherever Medicare is accepted.
Changing Plans	Can change plans during Annual Enrollment.	Supplement enrollment may require health questions after your initial enrollment period. Drug plans can be changed annually.

Appendix

Income-Related Monthly Adjusted Amount (IRMAA)- 2026

Income-Related Monthly Adjusted Amount (IRMAA)

What is income for IRMAA?

- The income that counts towards IRMAA is your modified adjusted gross income of MAGI.
- Social Security defines MAGI as your "Adjusted gross income (AGI) plus any tax-exempt interest you may have or everything on lines 2a and 11 of the 2024 IRS tax form 1040."

To determine your Part B Premium, they will look at your income from the prior two (2) years.

But will you reach IRMAA 2024?

- The answer to whether you will reach IRMAA in 2025 is all dependent on how much income you earned in 2024.
- The reason why your income from two (2) years prior is paramount in you reaching IRMAA in 2026 is simply because of the process of determining who reaches IRMAA.

Please note:

- If the IRS can not locate a tax return from 2024, they will use the tax-return from 2023.
- If the IRS can not locate a tax return from 2024 or 2023 then the Medicare beneficiary will automatically be put into the highest IRMAA threshold for that year.

Medicare Penalties

It’s important to sign up for Medicare coverage during your Initial Enrollment Period, unless you have other coverage that’s similar in value to Medicare (like from an employer). If you don’t, you may have to pay a late enrollment penalty.

Part A late enrollment penalty

- Some people B but buy Part A because they don't qualify for premium-free Part A.
- If you must buy Part A, and you don't buy it when you're first eligible for Medicare, your monthly premium may go up 10%.
- You'll have to pay the penalty for twice the number of years you didn't sign up.

Part B late enrollment penalty

- Generally, you won’t have to pay a Part B penalty if you qualify for a Special Enrollment Period. Learn more about Special Enrollment Periods.
- You’ll pay an extra 10% for each year for life you could have signed up for Part B but didn’t.
- You may also pay a higher premium depending on your income.

Part D late enrollment penalty

- Generally, you won’t have to pay a Part D penalty if:
  - You have creditable drug coverage (coverage that’s similar in value to Part D) OR
  - You qualify for Extra Help
- You’ll pay an extra 1% for each month for life (that’s 12% a year) if you:
  - Don’t join a Medicare drug plan when you first get Medicare.
  - Go 63 days or more without creditable drug coverage).
- You may also pay a higher premium depending on your income.
- After you join a Medicare drug plan, the plan will tell you if you must pay a penalty and what your premium will be.

Part D Penalty Calculation (2026)

Formula: 1% of the national base beneficiary premium ($38.99 in 2026) × number of uncovered months, rounded to the nearest $0.10.
Cost Per Month Late: Approximately **$0.39** per month of delay ($38.99 × 1% = $0.3899, rounded to $0.39 in 2026).

Examples:

- **12-month delay:** 12 × $0.39 = ~$4.70/month penalty.
- **24-month delay:** 24 × $0.39 = ~$9.40/month penalty.

Total Monthly Cost: Your $400 premium + the penalty amount.

Health Insurance Subsidy – **FRS (Florida Retirement System)**

- **Health Insurance Subsidy (HIS)** –The Health Insurance Subsidy (HIS) is a monthly payment that helps Florida Retirement System (FRS) members, or their beneficiaries pay for health insurance:

- **The HIS benefit calculation will be based on $7.50 per year of creditable service with a maximum monthly benefit of $225 and a minimum of $45. Years in DROP do not count toward years of service.**

- **Please contact FRS (Florida Retirement System)** to confirm your eligibility and amount. FRS can assist you in ensuring you begin receiving the subsidy once you retire.

  We're here to help. By calling the MyFRS Financial Guidance Line toll-free at **1-866-446-9377 (TRS 711),** and selecting the correct option, you'll have access to experts who can answer all your questions about retirement planning, the FRS retirement plans and managing your finances. This free service to all FRS members is a one-point source that will conveniently route you to the right source for information, including:

  - Option 1 - Plan choice information and financial guidance from expert, unbiased financial planners at EY
